

ACADIA
LANDSCAPE CO.

“Your backyard dreams begin with Acadia.”

SERVING KNOXVILLE FOR OVER 12 YEARS!

OUTDOOR DESIGN

A quality installation starts with a professional landscape design. Our team will work with you every step of the way—from initial sketch to final material selection—in creating your design.

LANDSCAPES

Our architects and horticulturists are formally educated, with real world experience in the U.S. and Europe. Decades of combined expertise give Acadia the distinct ability to provide high-quality, affordable landscapes to clients across East TN.

HARDSCAPES

From large-scale retaining walls used to increase level play area in your backyard to installing a barbecue or fire pit that expands your entertaining possibilities, we create hardscapes that maximize the beauty and usefulness of your property.

IT STARTS WITH A PLAN

Acadia Design Group is a division of Acadia Landscape Co. comprised of landscape architects, garden designers, and horticultural/hardscape experts. Working together, the Acadia Design Group can help see your project from project conceptualization to installation.

Acadia Design Group allows residential and commercial clients in and around Knoxville, TN to work directly with a multifaceted team of outdoor design professionals. Because each project is different—from the style to the scope of work—Acadia Design Group has the ability to assemble customized teams of full-time designers that will best be able to handle your project.

Acadia Design Group's vast skillset and talented team of architects and designers from varying backgrounds offer each client a truly turnkey solution. From stamped plans and complex drainage solutions to the pure and simple herb garden designs, Acadia Design Group is distinct in their ability to handle a variety of jobs for homeowners and businesses alike.

ACADIA
DESIGN GROUP

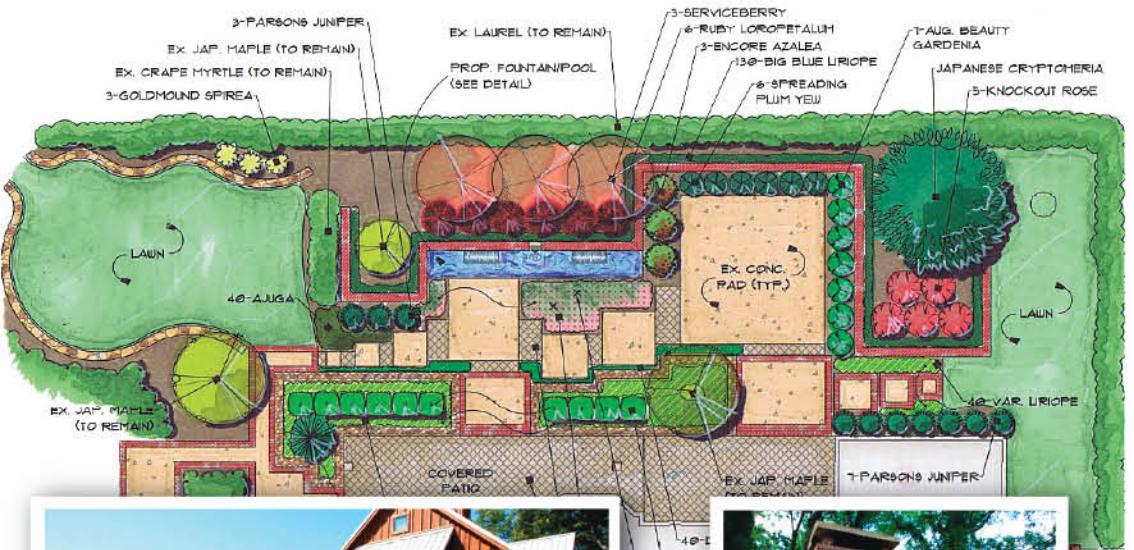

Our ultimate goal is to work hand-in-hand with each individual in an effort to provide landscape and hardscape plans that suit your individual style and functionality requirements. We look forward to learning more about your project!
