# PRODUCT DELIVERY

## **Hardwood Bark Mulch**

**\$34.50/cubic yard**

This is the good stuff. An all natural, un-dyed product made from the bark of trees. Perfect for a classic look in your planting beds.

## **River Rock**

**\$98-110/ton**

2-5" average size (\$98) or 6-12" average size (\$110) is used as a ground cover in planting beds, as a border along driveways, and in drain beds. Because this is a natural product, coloration may vary.

## **Newport Pea Gravel**

**\$98/ton**

3/4" size is used as a ground cover in planting beds, or as a surface for patios, walkways, terraces, and driveways (including tar-and-chip). Because this is a natural product, coloration may vary.

## Topsoil

**\$55/cubic yard**

Topsoil is an ideal substrate for planting grass seed on a new lawn. We recommend a 1-2” thick layer on top of the existing soil. It’s also perfect for backfilling new plants or amending clay soil.

## #57 Stone

**\$30/ton**

#57 stone is used as a base under concrete, for driveways and as a drain stone behind retaining walls and for French drains.
